

Foundation Study Leave Process from August 2024 onwards

The following process is to help trainees with booking study leave time for ALS and/ or Simulation sessions. <https://turasdashboard.nes.nhs.scot/>

Applying for your Study Leave

- When applying for study leave for eligible local employer-based ALS and/ or Simulation sessions, you should apply via NES as you would for other study leave.
- Once NES and your employer has granted your leave, use your study leave number to make booking on for ALS and/ or Simulation session.

Then

1. Book for your ALS and/ or Simulation session you wish to attend via your local administrator and provide the study leave number to your local administrator when booking your place
2. The team will populate the attendance list with your study leave number
3. For each session you attend you must follow the same process

Note: non-board (i.e. private providers) delivered ALS courses are not eligible for study leave funding.
