Royal College of Physicians of Edinburgh

Palliative Medicine

Tuesday 23 June 2026

13:00 – 16:45

Online

Using case-based presentations, evidence based discussions and the insights and experience of colleagues, each session will provide practical, clinically relevant learning to support confident, compassionate care.

Topics and speakers:

- **Uncontrolled cancer - related pain in the AMU** – Dr Jo Prentice & Mr Paul Wilson
- **Decision making at the end of life** – Prof Derek Willis
- **What is a palliative care emergency?** – Dr Alistair McKeown & Dr Charlie Hall

- **The breathless patient with known lung cancer** – Dr Anna Spathis & Dr Joseph Mackenzie
- **Managing the symptoms of raised Intracranial Pressure (ICP)**
- **Beyond the physical: providing psychological and spiritual support in the acute hospital setting** – Dr Christine Brown & Emilie Krenn - Grosvenor

This course will be relevant to all clinicians working across a range of specialties within various care settings, supporting improved symptom control and patient centred decision making.

Catch-up available to registered delegates; full details on the website.

CPD +3*
Credits

*3 CPD credits applied for.
